

New Spring Wash Goods! FOR SATURDAY.

On Saturday Morning we shall open up on our counters one of the largest displays of Wash Goods ever shown in Barre at this early date. Last year we sold hundreds of yards of Gingham, medium weight Wash Goods and Sheer Muslins in February. Many of them for summer wear. It's an advantage to buy them now—first because they are the best patterns the season will offer and then dressmakers are not so busy or if you make them up yourself, this cold weather is ideal for such work.

Ginghams

One hundred and forty pieces of the newest colorings and patterns are shown. The prices on some of the lines have advanced—they are the same old reliable qualities we have carried for so many years and rather than to cheapen the quality we have paid the price. Prices range from 10c to 25c a yard.

Barnaby Zephyrs

Twelve pieces of these beautiful materials for Shirt Waists, Two Piece Suits and Children's Wear. Splendid to wear and most exquisite in color combinations. The entire output of these are sold up for the spring of 1908, consequently when these are sold there'll be no more. Advertised in the cities at 25c a yard, our price is 19c a yard.

Fine Thirty-three inch Zephyrs

For Anderson Scotch Gingham you pay 45c to 55c a yard. These beautiful Zephyrs will bear comparison with Anderson's in fineness of weave, strong colorings and absolutely fast colors. These are bound to be very fast sellers. Nice little checks for Children, handsome plain and plaid designs, quite the thing for stylish Princess gown. 25c the yard, half the price of Anderson's.

Mercerized Shephard Plaids

We know what this cloth is. We have had two satisfactory seasons with it and we are very enthusiastic over its merits. The yarn is mercerized, both the warp and the weft before it's woven, making it absolutely permanent finish and then, too, the colors are absolutely fast, a great improvement over the surface mercerized and the price the same, 25c a yard.

Punjaub

This is the finest Silk and Cotton Fabric on the market, being half silk to give the lustre and the mercerized cotton to give it the washing qualities. It is heavy enough so that it doesn't wrinkle or hang limp. For afternoon or evening wear there is nothing in the cotton and silk fabrics that equal it, a nice range of colors. The width is 27 inches wide and the price only 48c a yard.

Be sure and come in Saturday even though you do not care to buy, we'll be only to glad to show you the New Things.

A good-sized audience greeted Lyman H. Howe's moving pictures at the opera house last night. The pictures were all of a high order, but the representation of a big fire in Copenhagen, Denmark, and "Dumb Sweeney," the heroic act of a dog and horse in saving a little girl's life, seemed to bring forth the most applause from the very appreciative audience. The accompanying sounds and conversation appropriate to each picture were produced behind the screen in a realistic manner.
